They explained various processes like Fermentation, mixing, Storage, Fluidized Bed Drying, Blending and Final packaging .

students came across various instruments like Digital pH meter, Waterbath with constant temp. Moisture analyser, L-MS, HPLC, Blender, Fermentor with 25000 litre. Spray Dryer. Packaging machine etc. Students also visited different department and sections like QC, QA, Engineering/ utilities etc. Technical staff also explained the principle and working of utility system of plant including water system, waste material treatment, This made our students to correlate their theory with practical application in Pharma manufacturing field. The officials of Advanced Enzymes Technologies Ltd. appreciated and impressed with curiosity of our students to learn the subject. The students were very happy and felt enriched after visiting.

Conclusion:

Overall it was good learning experience for students at manufacturing of enzymes and overall system of pharmaceutical manufacturing facility.
