introduction of good opportunities for the students to start with and how to improve yourself to stay in competition. He also had given some motivational tips.

He explained the scope of pharmacy practice includes more traditional roles such as [compounding](#) and dispensing of medications. It also includes more modern services related to [health care](#) including clinical services, reviewing medications for safety and efficacy, and providing drug information with patient counselling. [Pharmacists](#), therefore, are experts on drug therapy and are the primary health professionals who optimize the use of medication for the benefit of the patients..

He explained the Medicinal chemistry is an interdisciplinary field of study combining aspects of organic chemistry, physical chemistry, pharmacology, microbiology, biochemistry, as well as computational chemistry. Medicinal chemistry is concerned with the discovery, design, synthesis, and interactions of a pharmaceutical agent (drug) with the body.

Medicinal chemistry is mainly concerned with small organic molecules both natural and synthetic. Compounds in clinical use are primarily small organic compounds. Organometallic compounds, biopharmaceuticals, and inorganic compounds are also used in medicine as therapeutics.

He suggested the increased focus on study and the Gpat Preparation can be a good opportunities for the students to start with. Many queries of the All subject related to were solved. The lecture was very interesting and informative to the students. All the students were present for the lecture. Prof. Shinde Madhuri, introduced the speakers and Prof. Bhagat Pallavi gave vote of thanks. The overall session was very good and interactive. Khalkar tej, Pankaj Gunjal lecturer of SSK College of Pharmacy helped to Organized event successful
